Today we introduce ourselves by your name. We feel proud to be your colleague. You have already made a mark in your service career with your untiring and sincere devotion to the organization of BSNL. But, it is unbelievable the way you have excelled in the field of literature competing with all those already established professionals. We are surprised, how you could make time out of your busy office schedule for these extra commendable activities, that too with a shining success.

The people of Assam read you in print media. We are sure, within a short time you would be in the headlines with higher level of honors for your outstanding literary composition, specially those heart touching short stories. It is indefinable, how such melody words could make a poetic flow out of the high-tech but heartless switch or transmission rooms of BSNL. Your write ups are getting quotes to many people now.

We are not literate enough to express our feelings in words; but we've learned to see the world through you. BSNL is our livelihood; but you are the refreshing mental nourishment to lot many readers like us.

The SNEA(I), Assam Circle is pleased to honor you for your great and unparallel contribution to the field of Assamese Literature. May God bless you with a sound health to continue your venture with greater success.

Thanking you
