FELICITATION

For your great achievement in the field of Assamese Culture

Sri Satyen Kumar Sarma

Panbazar, Guwahati

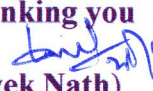

Today we introduce ourselves by your name. We feel proud to be your colleague. You have already made a mark in your service career with your untiring and sincere devotion to the organization of BSNL. But, it is unbelievable the way you have excelled in the field of culture competing with all those already established professionals. We are surprised, how you could make time out of your busy office schedule for these extra commendable activities, that too with a shining success.

People talk about you on roads, in restaurants, in dining tables; in fact everywhere. The screen may be small, but the image you've created is big enough to make a remarkable mark in the hearts of millions of Assamese viewers with your superb performance in the Television serials, which will soon make you to the big screen. You've a long way to go; lot many roles to play, not only to amuse us, but to carry the unique glory to the BSNL with which it could make you the right Brand Ambassador in the days to come.

We are not literate enough to express our feelings in words; but we've learned to see the world through you. We make big talk with your name

The SNEA(I), Assam Circle is pleased to honor you for your great and unparallel contribution to Assamese Culture. May God bless you with a sound health to continue your venture with greater success.

Thanking you

Circle President
